DETAILED ACTION

Drawings

1. The drawings were received on 12/31/2003. These drawings are Figs. 17, 18A, 18B, 18C, and 19.

Allowable Subject Matter

2. Claims 1-9 are allowed.

3. The following is an examiner's statement of reasons for allowance:

The applicant's argument that the filed drawings portray an apparatus used in the method which inherently cannot blow the medium up through the solvent. This point concerning the medium flow is different from and thus not suggested or disclosed by the closest prior art (Masatomo et al. JP 4-11-189498) which requires the medium to be bubbled (i.e. blown) up through the solvent.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
